

## La Leche League Canada

*If La Leche League Canada has helped you, or someone you care about, breastfeed a little longer than you would have without our help, please consider this:*

- To purchase infant formula for a baby for six months would have cost **between \$500 and \$1,800 for six months.**
- The added cost of antibiotics and other medications for a baby who is not breastfed can easily be **over \$500 during the first year.**

*Please help us continue to support the Leaders who do such amazing work with breastfeeding mothers and their families.*

***Become a monthly donor:*** A monthly donation adds up quickly. Your donation of \$20 a month, or \$240 a year is enough to prepare three new Leaders, or fund one month of our Breastfeeding Referral phone line.

Please complete this form and mail it, together with your post-dated cheques or credit card information, to:  
La Leche League Canada  
P.O. Box 700  
Winchester, ON K0C 2K0

**Yes, I want to be a monthly donor!**
