## At the completion of the seminar participants will be able to:

- Describe the plan of care to facilitate the establishment of breastfeeding.
- Describe factors that contribute to the baby refusing the breast in the immediate, early, and late postpartum periods.
- Discuss the strategies to support baby's natural ability to take the breast.
- Identify how to tell when supplementation of breastfeeding babies is necessary.
- Compare and contrast methods of supplementation for breastfed babies.
- Describe milk supply support strategies for mothers whose babies refuse the breast.
- Apply a problem solving framework to specific breast refusal case studies.

## La Leche League Canada will offer a number of resources for sale, including:

- *The Breastfeeding Answer Book, 3rd Edition*
- *Core Curriculum for Lactation Consultant Practice*
- *Comprehensive Lactation Consultant Review*
- *Medications and Mothers' Milk 2004*
- LLLC Professional Memberships
- Subscriptions for *Breastfeeding Abstracts*
