It is only with your support that we are helping more families in every Canadian community. We wanted to share some comments from the mothers who received help because of your donations.

- **Heather said:**

*“La Leche League was an invaluable support to me as a first time mom. As most of my pre-mom friends were from work the sudden isolation of maternity leave was shocking. La Leche League was a safe place to go to meet like-minded moms with babes of a similar age. I also found the preparation done by attending LLL in advance of my birth was great - I was able to get breast feeding off to a wonderful start with only a few phone calls to my leader for reassurance in the early days.”*

- **Another mother told us how grateful she was to the Leader who helped her:**

*“When it was hardest for me, Laura didn’t just make breastfeeding easier, she made new motherhood easier. And for that, there just aren’t enough thanks.”*

- **Susan felt that her Group attendance helped her and said:**

*“I am forever grateful for the support and inspiration I received from the Oakville LLLC group. Keep up the great work! There are many mothers and children who need you!”*

Your opinion is important to us. Send us your comments, thoughts and suggestions...
